Fresubin® Renal

Tailored for impaired renal function

2 kcal/mL, low protein sip and tube feed reduced in electrolytes for the dietary management of conservatively treated patients with chronic kidney disease (CKD) or non-catabolic forms of acute kidney injury

Micronutrient profile adapted to the needs of renal patients: reduced in phosphorus, sodium and potassium, low in vitamin A and high in B-vitamins (especially B₆ and folic acid)

6% energy protein (=30 g/1000 mL) from high quality milk protein to slow down progression of CKD

Modified carbohydrate profile with isomaltulose and starch

Modified fat profile with fish oil in the recommended daily intake for adults for cardiovascular protection, high in monounsaturated fatty acids (MUFA) to improve glycaemic control

For Health Care Professionals only.
Food for special medical purposes:

Nutritionally complete high-caloric (2 kcal/mL) oral nutritional supplement and tube feed, with fibre. Reduced protein (6% energy) and electrolytes. With fish oil. Carbohydrate modified with starch and isomaltohexose. Low in lactose and gluten. For the dietary management of patients with or at risk of disease-related malnutrition, in particular with chronic kidney disease or non-catabolic forms of acute kidney injury.

Dosage:

To be determined by a health care professional according to patients’ needs. Recommendation for supplementary nutrition 2–3 bottles (800–1200 kcal)/day and complete ≥5 bottles (2000 kcal)/day.

Important notes:

Not for parenteral (I.V.) use!

Instruction for use:

If used as tube feed. Recommended tube size is ≥ CH 8 for pump assisted feeding and for gravity feeding the minimum tube size is CH 8. Store at room temperature. Once opened, use within 24 hours. If used for sip feeding, shake well before use and drink slowly. If used for tube feeding, do not mix with drugs. Packaged in a protective atmosphere.

Contraindications:

Not suitable whenever enteral nutrition is not permitted such as in acute gastrointestinal bleeding, ileus and shock. Not suitable for patients with congenital inability to metabolise nutrients contained in Fresubin Renal.

Ingredients

Water, maltodextrin, isomaltohexose*, vegetable oils (rapeseed oil, sunflower oil), tapioca dextrin, milk protein, medium chain triglycerides (MCT), emulsifiers (E471, soy lecithin), hydrogenated sodium citrate, fish oil (with soy lecithin), choline hydrogen tartrate, potassium chloride, potassium citrate, vitamin A, vitamin C, vitamin D, vitamin E, vitamin K, vitamin B₂, sodium fluoride, copper sulphate, vitamin B₆, vitamin B₁₂, vitamin C (as ascorbic acid), folic acid, vitamin A, vitamin B₁, vitamin B₂, vitamin B₆, vitamin B₁₂, vitamin D₃. Allergen Information: This product contains milk, soy and fish oil.

*Isomaltohexose is a source of glucose and fructose.

Flavour

Vanilla
